

ABOUT AMG

Albuquerque Meditation Group is an affiliate of Self-Realization Fellowship. The society seeks to foster a spirit of greater understanding and goodwill among the diverse peoples and religions of our global family, and to help those of all cultures and nationalities to realize and express more fully in their lives the beauty, nobility, and divinity of the human spirit. Paramahansa Yogananda founded Self-Realization Fellowship in 1920 to make available the universal teachings of Kriya Yoga, a sacred spiritual science. These teachings embody a complete philosophy and way of life for achieving all-round success and well-being, as well as methods of meditation for achieving life's ultimate goal — union of the soul with Spirit.

ALL ARE WELCOME

Free information and other literature about the teachings of Self-Realization Fellowship and its founder Paramahansa Yogananda are available in the foyer and bookroom. Our bookroom opens at 11 am every Sunday after the service, and carries a selection of SRF books, CD's, DVD's, and other items.

SOCIAL POTLUCK

On the last Sunday of every month, immediately following the Reading Service, there is a social potluck. This is an opportunity to meet SRF members and learn more about the organization. Regular members bring a vegetarian dish, but there is no need to bring a dish to attend. All are welcome.

VIDEO NIGHT

The third Thursday of the month is video night. These 40 to 90-minute talks by SRF monks and nuns provide spiritual support and encouragement to all who are interested in the teachings of our guru, Paramahansa Yogananda.

SPICK & SPAN SUNDAY

Normally on the second Sunday of the month following the 11 AM service is the time we clean the chapel. Working as a team the cleaning goes fast and we have fun. A Wonderful way to serve Master. Please stay!

KIRTAN THURSDAY

The second Thursday of each month is Kirtan Thursday 7:30 to 8:45 PM.

HOW TO FIND US

1704 Moon St. NE

South of Indian School on the east side of Moon. AMG occupies the first 2 units on the north end of the complex.
